To confirm our telephone conversation on Friday, 23 March, I am able to state that I have a commitment to hold open a GS-15 on my staff for your consideration. I can only add to previous statements that I think the work is important, interesting and worthwhile and that there is plenty of it for the foreseeable future.

We need all the qualified assistance we can get in the Agency and we badly need them on a career basis. There are many places where your qualifications will be valuable, but I feel that they are best suited to the work of this office, certainly in the initial stages.

I will hope to see you within the next two weeks and trust that during that time you can see your way to come with us, as we would like to start the necessary security checks and other processing as soon as possible.

Very truly yours,

LAWRENCE R. HOUSTON
General Counsel
